

Saying Goodbye to 92507: Getting Ready for the Timed-Code Transition (2-Part Webinar Series)

Presenters: Katie Clutter, M.A., CCC-SLP; Kendra Holloway, M.S., CCC-SLP; Kate Pilant, M.S., CCC-SLP; Michail Clutter, MBA

Learning Objectives:

Participants will be able to:

1. Identify and differentiate the 10 new codes replacing 92507 and be able to match each code to the clinical focus and time increment it represents.
2. Draft defensible documentation that links diagnosis, treatment goals, and session narrative to total treatment time, and cites the correct base and add-on codes for that time.
3. Apply CMS's time-based billing rules to determine when multiple domain codes may be stacked in a single session, including for add-on units.

Session 1: Preparing for the Transition

Date: Live on Tuesday, October 6, 2026; Recorded on-demand version available from October 7, 2026 through October 31, 2026.

Time (Duration): 6:30-8:30 pm PST (120 minutes)

Agenda:

6:30–6:45 p.m. | Welcome, Course Overview, Context and Overview of Coding Changes

6:45–7:45 p.m. | Identifying Treatment Domains Based on Diagnosis, SMART Goals and Documentation That Supports Coding and Billing

7:45–8:10 p.m. | Treatment Time and Billing for Timed Codes

8:10–8:15 p.m. | Introduction to the Coding-Transition Worksheet, Between-Session Expectations

8:15–8:30 p.m. | Q&A and Closing

Session 2: Applying the Coding and Documentation Framework

Date: Live on Tuesday, November 3, 2026; Recorded on-demand version available from November 4, 2026 through November 30, 2026.

Time (Duration): 7:00-8:30 pm PST (90 minutes)

Agenda:

7:00–7:10 p.m. | Welcome, Review, and Worksheet Refresher

7:10–7:30 p.m. | Pediatric Case Study

7:30–7:50 p.m. | Adult Case Study

7:50–8:10 p.m. | Complex or Mixed-Domain Case Study

8:10–8:25 p.m. | Participant Scenarios and Facilitated Discussion

8:25–8:30 p.m. | Key Takeaways and Course Completion
