New SLP Treatment Codes: Resource Guide

Upcoming ASHA webinars

ASHA is hosting four live webinars in December 2026. Times below are Pacific; ASHA lists them in Eastern. Professional development hours (PDHs) are for live attendance.

Date	Time (PT)	Webinar	PDHs
Wed, Dec 2	4:00–5:30 p.m.	Applying the New Speech-Language Pathology Treatment Codes: Clinical Scenarios and Implementation	1.5
Mon, Dec 7	4:00–5:00 p.m.	Overview of the 2027 Medicare Physician Fee Schedule Final Rule	1
Tue, Dec 8	4:00–5:00 p.m.	The 2026 Midterm Elections: Post-Election Policy and Political Landscape	1
Thu, Dec 10	4:00–5:00 p.m.	Navigating 2027: Your Roadmap to Speech-Language Pathology Coding and Billing Success	1

Dec 2, Clinical Scenarios and Implementation. Realistic treatment scenarios and guided activities on coding, documentation, and implementation of the new codes.

Dec 7, 2027 Medicare Fee Schedule Final Rule. How Medicare now calculates payment, including the efficiency adjustment and practice expense changes that will reduce payment for many specialties. Also covers quality reporting changes and telehealth coverage policies.

Dec 8, Post-Election Policy Landscape. Midterm results and their likely impact on the 120th Congress, the 2027–2028 ASHA Public Policy Agenda, and ways to get involved in advocacy.

Dec 10, Navigating 2027. Coding and billing updates for 2027: ICD-10 and CPT changes, the Medicare fee schedule, and an overview of the transition to the new treatment code family.

ASHA transition tools

ASHA's main hub is the New Speech-Language Pathology Treatment Codes Replacing 92507 page, with a companion resources page. ASHA plans to add more learning opportunities over the coming months.

Resource	Format	What it helps you do
Decision Tree: CPT Treatment Codes for SLPs	PDF	Work through which new treatment code fits a given session
Speech-Language Pathology Treatment Code Quick Guide	PDF	Quick reference for applying the correct codes
Coding Readiness Checklist: 92507 Change	PDF	Track your practice's transition steps, with links to related resources

Payer Code Use Tracker	DOCX	Record which codes each payer accepts and store the guidance you collect from them
Provider Template Letter to Payers	DOCX	Write to insurers asking them to adopt the new codes, retire 92507, and share a transparent transition plan
Code-by-Code Video Series	Video	Six videos, each under 15 minutes, on when each code family applies, how to tell codes apart, documentation, and reporting, with clinical examples

Toolkits from other state associations

Two state associations have published transition toolkits that are useful models, though their payer details are specific to their states.

- **SCSHA 92507 Code Transition Resources** (South Carolina). Open to all SLPs, not just members. Includes a transition dashboard, an ICD-10 to CPT matching tool, a stakeholder letter, a payment converter simulation, a payer survey, RVU tables, and FAQs.
- **ISHA 2027 CPT Transition Toolkit** (Illinois). A downloadable PDF with a letter to SLPs, a reference for the new codes, a checklist for calling payers, a payer tracking form, and the formal inquiry letter ISHA sent to Illinois commercial and Medicaid payers.

Questions

> WSLHA's CPC can be reached for questions at office@wslha.org.
>
> Send coding and reimbursement questions to ASHA at reimbursement@asha.org.
>
> Please share this guide with colleagues so these resources reach as many Washington SLPs as possible.
